# UiBS and Microsoft Azure Platform

## Cloud Circle Partner

### About UiBS

UiBS is a leader in Microsoft® licensing, architecture, deployment, development, infrastructure and distribution of enterprise and mid-sized cloud solutions. UiBS, provides business technology solutions, cloud and managed services for the Shipping, Hospitality, Financial, Real Estate and Business Sector. From Microsoft® licensing services through architecture, deployment, software development and distribution of unified communications to enterprise and mid-sized public and private cloud solutions, UiBS has shown proven real world expertise with worldwide reach in the past decade.

### About Microsoft Azure

In short, it's Microsoft's cloud platform: a growing collection of integrated services—compute, storage, data, networking, and app—that help you move faster, do more, and save money. But that's just scratching the surface.

- ▶ It's IaaS + PaaS!
- ▶ It's hybrid ready!
- ▶ It's open and flexible!
- ▶ It's always up, always on!
- ▶ It's economical and scalable!
- ▶ It's everywhere!

Azure runs on a growing global network of Microsoft-managed datacenters across 13 regions, giving you a wide range of options for running applications and ensuring your customers always get great performance. Azure is the first multinational cloud provider and is continuing to expand to new regions around the globe.

UiBScloud is a joined partnership with Microsoft, to provide solutions on Microsoft Azure Cloud Platform. Together we deliver the infrastructure-as-a-service (IaaS) and platform-as-a-service (PaaS).

For years, UiBScloud and Microsoft Azure have been recognized as a leading managed service provider of hybrid cloud solutions. UiBS is the first multinational cloud provider in the region with active gold hosting, cloud platform and cloud productivity Microsoft Partner Competencies and is continuing to expand to new regions around the globe.

Some cloud providers make you choose between your datacenter and the public cloud. Not UiBScloud. Its enterprise-proven hybrid cloud solutions give you the best of both worlds, expanding your IT options without added complexity. With UiBScloud, data storage, backup, and recovery become more efficient and economical. It's also easier to build applications that span both on-premises and the cloud.

UiBScloud supports any operating system, language, tool, and framework— from Windows to Linux, SQL Server to Oracle, C# to Java. It puts the best of Windows and Linux ecosystems at your fingertips, so you can build great applications and services that work with every device.

You'll share the same enterprise-tested platform that powers Skype, Office 365, Bing, and Xbox. UiBScloud offers a 99.95% availability SLA, 24x7 tech support, and round-the-clock service health monitoring. That's why more than 57% of Fortune 500 companies rely on Microsoft Azure Cloud Platform today.

UiBScloud can quickly scale up or down to match demand, so you only pay for what you use. Per-minute billing and a commitment to match competitor prices for popular infrastructure services like compute, storage and bandwidth means you're always getting unbeatable price for performance.
